**EIGHTH INTERIM APPLICATION OF FTI CONSULTING, INC. FOR  
ALLOWANCE OF COMPENSATION AND FOR REIMBURSEMENT OF  
EXPENSES FOR SERVICES RENDERED IN THE CASE FOR THE PERIOD  
FEBRUARY 1, 2011 THROUGH MAY 31, 2011**

FTI Consulting, Inc. (“FTI” or “Applicant”), as financial advisor to the Official Committee of Unsecured Creditors (the “Committee”) of Lehman Brothers Holdings Inc. (“LBHI”), the debtors and debtors-in-possession in the above-captioned chapter 11 cases (collectively, the “Debtors” or the “Company”) and, together with their non-debtor affiliates, (“Lehman”), hereby submits its eighth application pursuant to 11 U.S.C. §§330 and 331 for an interim allowance of compensation for services rendered and for reimbursement of expenses incurred in these cases.

**INTRODUCTION**

1. By this application, FTI seeks an eighth interim allowance of compensation for professional services rendered as financial advisors to the Committee for the period February 1, 2011 through and including May 31, 2011 (the “Eighth Interim Period”) in the amount of \$12,195,343.08, representing 25,161.7 hours in professional services, and actual

and necessary expenses of \$189,309.44. In support of this application, the Applicant represents as follows:

2. This application is submitted pursuant to the terms of the Fourth Amended Order Pursuant to Sections 105(a) and 331 of the Bankruptcy Code and Bankruptcy Rule 2016(a) Establishing Procedures for Interim Monthly Compensation and Reimbursement of Expenses for Professionals and Committee Members dated April 14, 2011 (the "Administrative Fee Order"). FTI is seeking the interim award and the full payment, without any holdback of fees, of \$12,195,343.08 in fees and \$189,309.44 for reimbursement of its expenses relating to services rendered on behalf of the Committee during the Eighth Interim Period.

### **BACKGROUND**

3. On September 15, 2008 and periodically thereafter (as applicable, the "Commencement Date"), LBHI and certain of its subsidiaries commenced with this Court voluntary cases under chapter 11 of title 11 of the United States Code (the "Bankruptcy Code"). The Debtors have continued in the management and operation of their businesses and properties as debtors-in-possession pursuant to 1107(a) and 1108 of the Bankruptcy Code.

4. On September 17, 2008, the United States Trustee for the Southern District of New York appointed the statutory committee of unsecured creditors pursuant to section 1102 of the Bankruptcy Code.

5. On September 19, 2008, a proceeding was commenced under the Securities Investor Protection Act of 1970 ("SIPA") with respect to Lehman Brothers Inc. ("LBI"). A trustee appointed under SIPA (the "SIPC Trustee") is administering LBI's estate.

6. By an Order dated November 21, 2008 ("Retention Order"), the United States Bankruptcy Court for the Southern District of New York authorized and approved the

Committee's retention of FTI *nunc pro tunc* to September 17, 2008. FTI also filed its First Supplemental Affidavit of Michael Eisenband in Support of Application for an Order for Retention of FTI Consulting, Inc. as Financial Advisors for the Official Committee of Unsecured Creditors on January 23, 2009, a Second Supplemental Affidavit on April 6, 2009, a Third Supplemental Affidavit on June 19, 2009, a Fourth Supplemental Affidavit on April 15, 2010, a Fifth Supplemental Affidavit on November 23, 2010 and a Sixth Supplemental Affidavit dated April 29, 2011.

### **SUMMARY OF SERVICES RENDERED**

7. The Debtors' chapter 11 cases have presented numerous complex issues that had to be addressed in order to preserve and maximize value for unsecured creditors. The Retention Order authorizes FTI to render essential financial advisory services to the Official Committee of Unsecured Creditors, which included, but were not limited to the following services during the Eighth Interim Period:

#### **PCD 0800 Unsecured Creditors Issues/Meetings/Communications/Creditors' Committee**

During the Eighth Interim Period, the Committee held weekly (and in some weeks, twice weekly) conference calls and monthly in person meetings in advance of in person meetings with the Debtors. FTI worked with Committee counsel in the preparation and presentation of extensive materials for our calls with both the full Committee and the Committee co-chairs to discuss, among other things, updates on derivative positions, real estate positions, cash balances, intercompany balances, substantive consolidation, asset management alternatives, LAMCO, the Plan of Reorganization ("POR"), claims analysis, proposed affiliate settlements, litigation, and other key issues. During this period, the Committee also held separate weekly conference calls

devoted to POR issues. FTI also attended three in person meeting with the Debtor and the Committee on February 8, 2011, March 17, 2011 and May 4, 2011.

**PCD 1100 LBI/SIPC Coordination and Issues**

FTI devoted time to monitoring, evaluating, and analyzing LBI's claim reconciliation process. This included a review of the customer and general estate claims filed by the Debtors with the LBI administration to determine potential recoveries for both customer and general estate claims, the characterization and priority of claims and potential netting of claims. FTI also analyzed LBI's claims (including repurchase claims) filed against the Debtors to determine whether there were duplicates, erroneous filings, and whether amounts should be netted down. Further, FTI analyzed various scenarios for valuation of the ALI PIK note to assess potential impacts to the Debtor estates. FTI also performed due diligence of the LBI settlement with JPM Chase and participated in a meeting to discuss the settlement with representatives of LBI, the Debtors and the Committee.

**PCD 1200 Cash Management**

FTI reviewed the Company's cash and short-term investment position on a weekly and monthly basis. FTI attended regular meetings with Alvarez & Marsal ("A&M") to discuss the actual cash flow results and prepared reports to the Committee with details of the Debtors' current cash and short-term investment position. During this period, FTI performed the review of the December 2010, January 2011, February 2011, March 2011 and April 2011 monthly cash reports and presented a summary of the results to the Committee. FTI also reviewed and analyzed the 5 year cash flow forecast contained in the Disclosure Statement focusing on projected receipts by asset class, operating expenses and cost allocation methodology. FTI also reviewed the cash movements related to the Company's 12/31/2010 year end cost allocations.

These services aided the Committee in obtaining a complete understanding of the Company's cash flows by entity, and areas that needed to be evaluated further (e.g., potential capital calls, hedging opportunities, etc.) in order to ensure that sufficient liquidity was maintained.

**PCD 1400 Employee/ERISA/Benefits/Pension Issues**

At the request of the Committee, FTI reviewed the Debtors' asset management business plan and the related cost structure, particularly the employee related costs, associated with the proposed LAMCO alternative. FTI reviewed historical headcount, fully loaded employee costs, and staffing trends and then assessed the headcount plans in light of the anticipated asset monetization timeframes. We also developed a cost/benefit analysis in connection with potential strategic alternatives (such as potentially outsourcing certain asset management functions vs. continuing to perform these functions within the LAMCO structure). FTI's analysis and recommendations were presented to the Committee to aid with its assessment of certain decisions concerning ongoing asset management alternatives. Work in this project code also included the on-going review of the estate wind down plan with respect to employees, including contract extensions, retention, recruiting and compensation programs.

**PCD 1800 Tax Issues**

FTI worked with the Debtors and their professionals to analyze the consequences of the proposed NYS settlement. FTI also consulted with the Debtors on modeling the tax consequences of the POR and determining the consequences if the IRS decides that cancellation of indebtedness must be realized upon the effective date of the POR. To facilitate the calculation of the impact of intercompany claim treatment, FTI recommended that potential claims by the IRS or state tax authorities be separated into specific subsidiary-by-subsidiary liabilities and be

reflected before the use of consolidated tax attributes. FTI also participated in weekly tax conference calls with the Debtors.

#### **PCD 2100 Intercompany Issues**

During the Eight Interim Period, FTI individuals worked with the Debtors to roll forward intercompany balances from the Petition Date, accounting for accrued interest and foreign currency adjustments. In addition, FTI revised the intercompany matrix for updated balances between Lehman entities to feed into the Committee's Creditor recovery model. FTI worked extensively with Debtor personnel to review intercompany balance adjustments and reconcile the intercompany matrix to the Debtors' monthly balance sheets and Disclosure Statement.

FTI also analyzed the intercompany and guarantee claim components of proposed settlement agreements between the Debtors and certain foreign affiliates including, but not limited to, Bankhaus, LBIE and other UK entities. Additionally, FTI reviewed and analyzed the treatment of intercompany claims that arose from repurchase agreements and also assisted with the preparation of due diligence requests related to intercompany matters for the plan confirmation discovery process.

#### **PCD 2300 Real Estate Matters**

The Lehman Real Estate Portfolio ("Portfolio") includes positions in hundreds of financial assets encumbering properties and development projects located in North America, Europe, and Asia. The Portfolio, which has invested capital in the tens of billions of dollars, has many significant and complex projects, some of which have more than a billion dollars invested in them individually. The investment positions that the Debtors maintain are extremely varied across all levels of the projects' capital structure.

FTI met with A&M and legacy Lehman real estate employees (“Asset Managers”) on a regular basis to review mandates, proposals, and strategies aimed at maximizing recovery from the wind down of the Portfolio. The most pressing issues typically pertained to the various motions that had been filed in bankruptcy court requiring the Committee’s endorsement with respect to funding certain operating shortfalls, restructuring legacy capital structures, and implementing sales/marketing procedures. Toward that end, FTI met with the Asset Managers to validate relevant property-level and overall financial assumptions used in projecting cash flows and recoveries; and, presented its findings on a regular basis to both the Committee’s Real Estate Sub-Committee and, where appropriate, the full Committee. Most notably, FTI analyzed the costs and benefits of the Debtors’ proposal to form a joint venture with a capable land developer to harvest its investments in various development sites located in the Southwestern United States.

FTI was also invited by the Debtors for an in-person review and tour of various properties located in Europe that serve as collateral for financial assets, in which Lehman maintains direct and indirect economic interests. Finally, FTI also completed a full and detailed review of Lehman’s re-underwriting of the Portfolio, as marked in December 31, 2010, preparing materials for presentation to the Real Estate Sub-Committee.

#### **PCD 2500 Derivatives/SWAP Agreement Issues**

FTI participated in regular settlement adjudication meetings with the A&M and Lehman Derivative teams to discuss proposed derivatives settlements, and met regularly with Derivatives Co-Heads, counterparty teams and front office valuation employees to discuss strategies in connection with managing the wind-down of the derivatives portfolio. FTI worked with the applicable transactors and traders before and after the settlement adjudication meetings to discuss

relevant settlement issues, provide strategic guidance in negotiations with counterparties and independently assess the value of the derivative products and appropriate settlement amounts for certain transactions. FTI also reviewed numerous derivative portfolios of derivative counterparties that have been designated for Alternative Dispute Resolution (“ADR”). This review entails analysis of the disputed issues, valuation, and providing feedback to Committee counsel and the Derivatives Sub-Committee, as necessary. In connection with derivative claim objections, FTI has reviewed the valuation of the underlying derivatives portfolio and appropriateness of the closeout process. In addition, FTI has been involved in reviewing valuations of numerous intercompany and “Big Bank” derivative relationships.

FTI also has two employees working directly with the Debtors. The first works in the Debtors’ front office and is focused on the valuation of interest rate derivatives. The second works on the Debtors’ Big Bank derivative team and is focused on reconciliation and valuation of Big Bank derivative populations.

#### **PCD 2800 International Insolvency Issues**

FTI reviewed the reports issued by PwC on the progress of the Lehman entities in the U.K. Administration process for the period to March 2011 and continued to monitor developments with respect to the Financial Support Direction issued against certain Lehman entities, and the subsequent appeal process.

#### **PCD 2900 Schedules/Statement of Financial Affairs/Other Reporting Issues**

FTI spent time reviewing the June 30, 2010 Monthly Operating Report (“MOR”) and the December 31, 2010 MOR including analyzing changes in key asset and liability balances. FTI also participated in meetings with the Debtors to review drafts of the MOR’s, any new disclosures and to understand any key variances between prior reports before they were filed.

FTI also reviewed and analyzed the Debtors cost allocation methodology including the review of the actual allocations as of June 30, 2010 and December 31, 2010.

**PCD 3500 Plan of Reorganization/Plan Confirmation/Plan Implementation**

During the Eight Interim Period, FTI continued its extensive review of POR issues. On January 25, 2011, the Debtors filed the First Amended Plan of Reorganization (“the Debtors Amended Plan”) and the Amended Disclosure Statement. FTI performed due diligence on the new economic provisions in the plan and the Disclosure Statement exhibits and provided comments to counsel and the Debtors. During this period, FTI continued to review alternatives proposed by the various ad hoc groups to settle certain issues, including substantive consolidation, the level of intercompany and guarantee claims, the treatment of structured note claims, etc. FTI also participated in the development of the plan discovery protocol including assisting with the preparation of a comprehensive document request list for all participants.

**PCD 3700 Non-Derivative Claims Reconciliation, Estimation, Litigation, and Alternative Dispute Resolution and Bar Date Issues**

FTI worked with the Debtors’ Claims Resolution Team to understand their efforts to reconcile, object to, estimate values, and resolve proofs of claims filed against the Debtors in these Chapter 11 proceedings. To-date, creditors have filed over 67,000 proofs of claim in these cases, each requiring reconciliation, and analysis. FTI has reviewed summaries of the filed claims by category as well as certain individual claims filed to determine their validity. The Debtors have filed over 160 omnibus objections to date which FTI has reviewed in advance of their filing with the Court. FTI analyzed significant differences between filed claims and adjusted claims for purposes of the claims estimates in the Disclosure Statement including a review of claim level detail for certain significant claims. FTI also reviewed materials related to

the reconciliation of the Residential Mortgage Backed Securities ("RMBS") claims and held meetings with A&M to discuss same.

FTI continued its review and analysis of the affiliate guarantee claims during this period. As part of this analysis, FTI continued to engage in meetings and calls with the Debtors to understand any changes to the claims and the estimates set forth in the Disclosure Statement. FTI also reviewed and analyzed claim settlement proposals with numerous foreign affiliates, including Bankhaus and LBIE, regarding their affiliate guarantee claims, provided feedback to the Debtors and made presentations to the Committee regarding these proposals. FTI also reviewed the status of significant 3<sup>rd</sup> party guarantee claims settlement negotiations with Bankhaus as the primary obligor.

In regards to the Structured Securities Claims, claims that are based on structured securities issued or guaranteed by LBHI, FTI performed due diligence on Debtors' proposed procedures, including valuation of the guarantee claims of investors in European Medium Term Notes and other structured products, including (i) review and analysis of the Debtors' proposed methodology; (ii) selection of a random sample of structured securities for review; (iii) valuation of structured securities in the statistically selected, and; (iv) review and analysis of the Debtors' revaluation of certain structured securities.

#### **PCD 3900 Non-Derivative Adversary Proceedings Preparation and Litigation**

In connection with forensic projects requested by counsel, FTI continued its review of relevant documents produced pursuant to Rule 2004 that were maintained in two document repositories (Relativity and Stratify) with a combined population of approximately 4.5 million documents. FTI performed additional keyword searches and reviewed approximately 98,000

documents deemed responsive to specific searches. FTI performed research to assess the viability of potential claims against certain parties. Other tasks included additional financial analyses using the Debtor's financial records of relevant transactions, researching relevant accounting, and auditing literature, drafting memos for counsel summarizing the findings of forensic projects, and the preparation of materials for presentations to the Committee.

**PCD 4600 Firms Own Billing/Fee Application**

FTI expended necessary resources to ensure the timely filing of monthly fee statements in accordance with the Administrative Order. Time in this category includes preparing the Monthly Fee Statements for the fee periods of January 2011 through April 2011, as well as the time spent preparing the Seventh Interim Application of FTI Consulting, Inc. for Allowance of Compensation and for Reimbursement of Expenses.

**ALLOWANCE OF COMPENSATION AND REIMBURSEMENT OF EXPENSES**

8. All of the services for which interim compensation is sought herein were rendered for and on behalf of the Committee, and not on behalf of any other entity. FTI respectfully submits that the professional services rendered were necessary, appropriate and have contributed to the effective administration of the Debtors' chapter 11 cases and maximization of value. It is respectfully submitted that the services rendered to the Committee were performed efficiently, effectively and economically.

9. During the Eighth Interim Period, FTI professionals expended an aggregate of 25,161.7 hours in rendering services on behalf of the Committee for a total fee of \$12,195,343.08. FTI submits that its fee is reasonable for the work performed in these cases and the results obtained.

10. FTI incurred out-of-pocket expenses of \$189,309.44 in connection with the rendition of the professional services described above during this Eighth Interim Period. The actual expenses incurred in providing professional services were necessary, reasonable, and justified under the circumstances to serve the needs of the Committee in these Chapter 11 cases. All air travel to and from the Debtors' location was necessary and billed at coach rates. Additionally, FTI voluntarily reduced all travel time by 50% during the Eighth Interim Period.
